## COMPREHENSIVE METABOLIC & LIPID PANEL REPORT

| PATIENT INFORMATION                       | SPECIMEN INFORMATION               |
|-------------------------------------------|------------------------------------|
| Name: Doe, John                           | Accession #: LW-2026031300482      |
| DOB: 01/15/1980 (Age: 46)                 | Collected: 03/13/2026 07:42 AM     |
| Gender: Male                              | Received: 03/13/2026 09:15 AM      |
| Patient ID: PT-20260313-004821            | Reported: 03/13/2026 02:30 PM      |
| Ordering Provider: Dr. Sarah Mitchell, MD | Specimen Type: Serum / Whole Blood |

**\*\* FASTING SPECIMEN - 12-hour fast confirmed by patient \*\***

### GLUCOSE

| Test Name       | Result | Flag | Reference Range | Units |
|-----------------|--------|------|-----------------|-------|
| Fasting Glucose | 98     |      | 70 - 99         | mg/dL |

### LIPID PANEL

| Test Name         | Result | Flag | Reference Range | Units |
|-------------------|--------|------|-----------------|-------|
| Total Cholesterol | 215    | H    | 0 - 199         | mg/dL |
| HDL Cholesterol   | 52     |      | 40 - 60         | mg/dL |
| LDL Cholesterol   | 142    | H    | 0 - 99          | mg/dL |
| Triglycerides     | 88     |      | 0 - 149         | mg/dL |

LDL calculated by Friedewald equation. If Triglycerides >400 mg/dL, LDL result is invalid.

### VITAMINS & MICRONUTRIENTS

| Test Name               | Result | Flag | Reference Range | Units |
|-------------------------|--------|------|-----------------|-------|
| Vitamin D, 25-OH Total  | 28     | L    | 30 - 100        | ng/mL |
| Vitamin B12 (Cobalamin) | 450    |      | 300 - 900       | pg/mL |

### CARDIOVASCULAR - BLOOD PRESSURE

| Test Name                | Result | Flag | Reference Range | Units |
|--------------------------|--------|------|-----------------|-------|
| Blood Pressure Systolic  | 118    |      | 90 - 120        | mmHg  |
| Blood Pressure Diastolic | 76     |      | 60 - 80         | mmHg  |

Blood pressure measured via automated sphygmomanometer. Average of 2 readings taken 2 minutes apart.

### RESULT SUMMARY

| ABNORMAL RESULTS REQUIRING ATTENTION:                                                                               |
|---------------------------------------------------------------------------------------------------------------------|
| H Total Cholesterol: 215 mg/dL (Reference: 0-199) - Elevated. Lifestyle modification recommended.                   |
| H LDL Cholesterol: 142 mg/dL (Reference: 0-99) - Significantly elevated. Discuss cardiovascular risk with provider. |
| L Vitamin D, 25-OH: 28 ng/mL (Reference: 30-100) - Insufficient. Supplementation advised.                           |
| All other results are within normal reference ranges.                                                               |

### CLINICAL NOTES:

Patient is a 46-year-old male presenting for annual wellness lab panel. No acute symptoms reported. Current medications: None. Follow up with ordering provider for lipid management. Vitamin D insufficiency; consider 2000 IU daily supplementation.
